

TruTalents assessments, when used with one another, can provide students with a comprehensive foundation of self-awareness. In **TruTalents**, there are three assessment tools that can be used with students to help them establish a solid understanding of their unique strengths and interests, connect their career and educational plans, and create strategies to help them find more satisfaction and success in life.

This tool will reveal your true personality and provide tips to achieve success, in a way that works for you.

- **Your Personality Profile**
